2018

10th | CBSE | Percentage: 82 / 100

PROJECTS

Music_player_Using_JS

18 May, 2024 - 20 May, 2024

Mentor: NA | Team Size: 1

Key Skills: HTML, CSS, JAVASCRIPT

Project Link: https://github.com/SaketKumarJha1/Music_player_Using_JS.git

HTML: Structure of the music player.

CSS: Styling the player for better visual appeal.

Contains the structure with elements for track information, audio control, and progress tracking.

JavaScript: Functionality for playing, pausing, skipping tracks, and updating the UI.

Handles loading tracks, playing, pausing, skipping tracks, and updating the progress bar.

Tracks are stored in an array, and the current track is managed using an index.

Event listeners are used to handle user interactions

Netflix_Clone_Using_HTML_CSS

21 Mar, 2024 - 22 Mar, 2024

Mentor: NA | Team Size: 1

Key Skills: HTML, CSS

Project Link: https://github.com/SaketKumarJha1/Netflix_Clone_Using_HTML_CSS.git

Creating a Netflix clone using HTML and CSS involves replicating the basic layout and styling of Netflix's user interface. This project will help you understand how to structure a web page and apply CSS to create a visually appealing design.

This setup provides a basic framework for a Netflix-like UI. You can further enhance it by adding JavaScript for interactive features, more detailed styling, and additional HTML elements as needed.
